FOR IMMEDIATE RELEASE

September 30, 2006

Methapharm is pleased to announce the expansion of its international presence with the opening of its new European affiliate: Methapharm Europe.

Methapharm Europe will oversee European and international registration of Methapharm's Provocholine[®] products as well as some of our partner companies' products. Methapharm Europe will also coordinate our international network of distributors as well as process customer inquiries from outside of North America.
